RE: May 8, 2013 Letter From Terry Hendrickson, General Manager/CEO of  
Wiggins Telephone Association (d/b/a NCCI) in FCC Dockets 10-90 and 05-337

Dear Ms. Dortch,

It has come to the attention of the Staff of the Colorado Public Utilities Commission that Mr. Terry Hendrickson, in his letter to you of May 8, 2013, stated, among other things, that "the staff of the Colorado Public Utilities Commission has cited CenturyLink's acceptance of CAF I funding in one-quarter of the census blocks in Weldona-Orchard as rationale for imposing additional regulatory hurdles for NCCI."

In order to ensure that the FCC is fully informed on these matters, Staff of the Commission wishes to notify you that there are three active dockets concerning Wiggins Telephone Association and its subsidiary, NCCI, pending before the Colorado Public Utilities Commission. They are Docket No. 12AL-470T (NCCI's initial local exchange tariff), Docket No. 12A-1186T (NCCI's application for ETC and Eligible Provider (EP) designations) and Docket 11V-594T (Wiggin's application for EP Colorado High Cost Support Funding).

Docket No. 12AL-470T has been permanently suspended on the condition that NCCI is granted ETC and EP status in Docket No. 12A-1186T, which docket is awaiting a recommended decision by the administrative law judge. Docket No. 11V-594T has been litigated on the merits and is waiting a final Commission decision. The non-confidential filings in these dockets are publicly available at <https://www.dora.state.co.us/pls/efi/EFI.homepage>.
